## RKET IS BEARISH; AWAITING HOLIDAY

s Light, With Close Near Bottom.

HICAGO, Sept. 4.—Wheat trade was sunsually small volume, owing to the line holiday on Monday, and, with exception of a short period of modes strength at the start, sentiment oughout the day was hearlsh. Price tuations ranged \$\frac{1}{2}\$ to \$\frac{3}{2}\$c. ach to the surprise of the bears, the \$\frac{3}{2}\$ to ligher. The initial firmness was to general rains over the spring at country and to a dispatch from putina asserting that the wheat crop two provinces had been damaged by the market became heavy, and closed at almost the bottom.

Ow temperatures in the northwest, \$\frac{1}{2}\$ a possibility that the cold weather a xetend to the corn belt, prompted into a corn by shorts, resulting in siderable firmness. Prices at the leaver \$\frac{1}{2}\$ country of the trade in oats was the ing of December and May by countouses. This, in some quarters, was to indicate that farmers were unling to sell their oats at presentes. The market closed steady, with the side of the LEADING FUTURES.

# BUSINESS RUSHING

pite Firm Opening, Trading Demand for Vegetables Is Exceptionally Good; Watermelons Plentiful.

After a rather quiet week and in spite of the inclement weather, local produce dealers had a good day from the business standpoint Saturday. Market Row was invaded by the industrious housewife more or less all day. The dealers offered a splendid line of good things to eat, and the demand for vegetables was especially good. A shipment of fresh garden truck was received from Davis county Saturday morning, including a supply of potatoes, tomatoes and the like.

There was also a good demand for meat and fish Saturday, and in the fruit lice, watermelons and Cantaloupes sold exceptionally well. The demand for tomatoes is evidence of the fact that housewives are now busy putting up their winter supply of the vegetable and making pickles.

CHICAGO, Sept. 4.—Increasing agricultural, industrial and mining activity is indicated by advance sheets of the fortinghtly statement of car surpluses and shortages compiled by President Hale of the American Railway association.

The attement will show that on September 1 the surplus of cars of all kinds had been reduced more than 40.00, bringing the surplus down to a little more than 100.000 cars of all kinds. "It is important to note," said Mr. Hale today, "that this season's reduction is six weeks ahead of last year's, indicating that shortages this year will be greater than a year ago."

## Get Big Men Behind You

That was the doctrine of Andrew Carnegie. And that is the secret of every great business

If you have big possibilities, get big men to fulfill them.

Get them in every department. But, above all, get big men in advertising-in selling your goods to the millions.

The big men are the profit makers in all lines of salesmanship.

You know that is true of your road men, who meet but a few of your customers. Then how true must it be of your salesmen-in-print? Why does one article dominate a field, and an equal one remain unknown?

Why does one advertiser win enormous success, and another in the same line utterly

Nine times in ten the reason lies solely with the salesmen-in-print.

One employs capacity, one incapacity. One fights with cannons, the other with arrows. And the curious fact is that both pay the same price.

Successful advertising isn't an easy matter. The men who can do it are exceedingly rare, and they command the rare man's pay.

The only way to get them is to make a business of getting them-to seek and sift and develop. That is our business, and it has been for 36 years.

The only way to get their maximum service is to have them work in corps. That is how our big men work.

A splendid example of what such men can do is this agency itself-the largest of its kind

These men are at your service, if you have a line which offers them a charce.

They are willing to prove by a test campaign that they can outsell any other men in the

They can do it every time, in every salable line. For they combine their abilities. And this is the ablest corps of advertising men in

We shall ask no contract, no commitment, no statement of what you will spend. All will depend on results.

We offer you this service-the service of big men-for the usual agent's commission; for the price of the commonplace.

Our plea is this: Whatever is worth doing is worth doing well.

These are days of giants' combats in the advertising field. The man who strikes with a puny stroke does himself an injustice.

If you believe in big men, and want to know how to prove our powers, ask us to state the way.

# Family Doctor and Specialist

Doctors Shores have been asked time and again why it is that their treatment ures so many people whom other first-class physicians are unable to cure. They have also been asked if they would advise people to give up their family doctors and employ specialists exclusively.

To the first question Drs. Shores would say that the reason that their treatment cures is not because Drs. Shores are the only good physicians in Utah, for there are hundreds of eminent doctors here. It is not because they possess superhuman powers, for Drs. Shores never attempt any such shallow deceit as that.

#### It Is Because

They have specially studied the diseases they treat and nothing else. They pay special attention to diagnosis, have every facility and a world of experience to enable them to properly diagnose a case, and after diagnosis is complete they begin to REMOVE THE CAUSE of the disease and make the organs do their proper work, instead of simply giving drugs to do the work of nature in an artificial way.

#### The Mistake of Doctors

Many doctors, for instance, use pepsin, bismuth, etc., in stomach troubles to AR-TIFICIALLY DIGEST THE FOOD, and expect the patient to take medicine for-ever. But Drs. Shores cure the discused stomach, and make it do its own work. That is why they cure stomach troubles.

The old way is like giving a lame man a crutch instead of curing his lameness. Is temporary "help," but sick people want CURES, and Drs. Shores try to give iem cures that stay cured.

As to the Family Doctor Drs. Shores would say: NEVER GIVE HIM UP IN HIS LINE, for he is safe and valuable friend in hundreds of allments, but on the other hand don't expect him to cure old chronic, lingering diseases that require special study and years of special training and experience, when you know he is busy from morning till night with a thousand little duties that make it impossible for him to give the time and study necessary to properly understand and master special diseases.

and terms low and uniform, and can be arranged to suit your convenience.

### THE SPECIALIST'S FIELD

Is narrow. He treats only certain diseases. He is not trying to saw off a leg today, and cure measles tomorrow, but confines his time to his specialty, hence he is better able to treat successfully his specialties than the tired, overworked family doctor.

We have no quarrel with the family doctor. His work is a blessing to humanity, and in sudden and acute diseases is better qualified to treat the patient than the specialist, but can you reasonably expect him to have the instruments, facilities and experience necessary to cure a chronic case of Catarri, Deafness, Stomach Trouble and like aliments?

DR. A. J. SHORES.

# DRS. SHORES, Specialists

Drs. Shores and Shores have spent their lives in the study of Chronic Diseases. They have treated over 100,000 cases, an experience rarely ever granted any specialists, and have gleaned therefrom information that is invaluable to sick people. They would not attempt to treat Scarlet Fever or Diphtheria at any price, not because they don't know how, but because they have not given it the thought and constant study that other doctors have, and in short, it is not in their line of specialties. Every moment is given to studying CHRONIC DISEASE. That is where they excel and that is where they can serve you better than any one else.

They know what causes Catarrh. They know how to cure it. They know

what causes stomach trouble. They know how to CURE it instead of merely relieving it. They have studied the Liver, the Kidneys, the Ears, the Throat and the Lungs, and they knew what to do for these troubles, and all other chronic diseases. That is all they claim. That is all they treat. Consultation is always free at Drs. Sheres' pariors or by letter. Prices and terms are within reach of all. Success has not turned Drs. Sheres' heads and they do not charge fancy prices because the people have made them popular. A low fee, mild and painless treatment has been their motto always and always will be. Consultation always free.
